Hi Shannon, Lisa, and Tiffany,

EPA does not have any objections to the credit release requested for Area A Wetland Restoration and Area A Enhancement areas. We support not releasing the credits from Area Peterson Stream at this time.

Thanks,

Hi Marlene,

Yes, after our discussion and the changes made to the endowment reporting table, I am satisfied that the CPI adjustments have been applied correctly.

I've drafted the release letter and will send it up the chain for review this afternoon.

Thank you,

Lisa

Subject: PRMB IRT - Cancelling 12/22 Meeting

Hi Petersen Ranch IRT,

Happy Holidays! I would like to cancel our scheduled 12/22 meeting given we just met last week to discuss the 2022 performance monitoring results. I think we can address the following two items via email if that works for everyone:

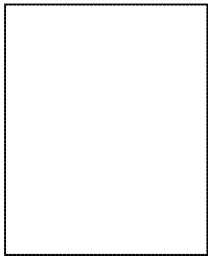

1. Lisa - can you please confirm for the rest of the IRT that you are ok with the updates to the endowment reporting table (Table 7) in the revised Area A Release 4 Credit Release request letter? I believe knowing that this has been resolved is a critical path for the IRT to continue processing the release request.
2. All - Can you please provide me with a brief status update on your approval timeline for the Area A Release 4 Credit Release request by Thursday afternoon? I'd like to give Tracey an update before the holiday if possible.

Please reach out with any additional discussion topics, questions, or concerns. I will be working a limited schedule December 24-January 3 but do not hesitate to reach out via phone or email if you need anything.

Thanks and hope everyone has a wonderful holiday!

Best,

Marlene
